

To All Current COVE Participants:

If you teach in a school in Region 1 or Region 8, please enroll in your Fall 2009 COVE courses as previously outlined, or follow the information provided below. Registration begins July 27, 2009.

If you work outside of Region 1 or Region 8, please read the following information very carefully:

For participants in **Cohorts 10 and 11** (and those remaining from **Cohort 9**) who only have the TEDU 500 Seminars I and II to complete, you can do so through COVE. We will also allow participants in these cohorts to complete remaining course work if all requirements are completed by end of Summer 2009. You also have the option of completing your program through the University which serves your region.

For participants in **Cohort 12**, you have the option to transfer your COVE courses to the University in your region, or of remaining in COVE. If you need courses that cannot be completed by Summer 2009, you are encouraged to transfer COVE courses to the University serving your respective region. VCU will be working with all of the other Universities to make sure that course transfer is done as smoothly as possible.

For participants in **Cohort 13**, you are encouraged to contact and enroll in the University licensure program that serves your region to complete all remaining course requirements. Exceptions to this will be made on a case by case basis, but you may need to pay full off-campus tuition and then apply to VDOE for their tuition assistance (\$500/course for up to 3 courses/year). Please contact Carole Boyle at caboyle@vcu.edu if you wish to remain with COVE.

Registration Dates: **July 27 to September 7, 2009**
Register through the SOEA office as you have done for your previous courses (see registration information below). Contact Nancy Lowe at nalowe@vcu.edu if you have problems or questions about registration.

Fall 2009 Course Dates: **September 28 to December 11, 2009**

Tuition Costs: **Students are responsible for \$325 per 3 credit course or \$150 per 2 credit course (participants do not pay for Seminar I and Seminar II)**

Participants can only take 2 courses each semester unless permission is obtained in advance. If you register for 9 credit hours or more, you will be charged full on-campus graduate tuition.

Frequently Asked Questions about COVE

What is VCU COVE?

The VCU COVE Program is a combined effort of the Department of Special Education and Disability Policy at VCU, the Virginia Department of Education, and school divisions in Superintendent's Regions 1 & 8. Program participants will receive coursework and other activities leading to endorsement in Special Education, General Curriculum. All courses will be Web-based and taught by a lead instructor who is a faculty member in the Department of Special Education and Disability Policy at VCU.

How long will it take me to finish the program?

The VCU COVE program is a 27-credit hour sequence consisting of 9 graduate courses and two 1-credit hour on the job seminars. The COVE program is designed to be completed in six consecutive semesters of instruction.

What is the difference between Cohort numbers and which one am I in?

Each cohort refers to when you began the VCU COVE Program. Cohort 13 began in the spring of 2008. Cohort 14 began in the fall of 2008. Cohort 15 began in the spring of 2009. Cohort 16 began in the summer of 2009. Cohort 17 begins in the fall of 2009.

How will we receive class instruction?

Web-based instruction will be the primary vehicle for delivering instructional content through Blackboard. Web-based content may be supplemented through audio teleconferences and resource materials provided to all students. An orientation to Blackboard is included in the COVE Orientation that will take place via teleconference the week before classes begin.

Who will teach these courses?

All courses are taught by a lead instructor who is a faculty member of the Department of Special Education and Disability Policy at VCU.

Will we have to be on the Internet at a certain time?

These courses are designed to be semi-flexible with time. You will not be required to be on the Internet at a certain time but you will be required to review materials, complete assignments, and take tests and quizzes by a certain date. You may be required to participate in audio conferences and/or online discussions, which may have time specification.

What happens if I register for a COVE course but do not start it or complete it?

To **DROP** a COVE course and not be responsible for payment of tuition, you must email the SOEA office at soea@vcu.edu by **October 2, 2009**. After that date, you have until **November 4, 2009**, to **WITHDRAW** from the course (also by emailing soea@vcu.edu), but will still be responsible for payment of tuition.

The Virginia Department of Education heavily subsidizes the COVE program, which is why the course cost is so low. If you Fail or Withdraw from a course, you will not be allowed to re-take that course through the COVE program. The state subsidy can only be used once. If the course is available, you may be able to re-take the course through SOEA at the regular VCU cost.

It is at the discretion of a COVE instructor whether they will assign an Incomplete (I) grade for a course to allow for all coursework to be completed and submitted by a specified date. It is the student's responsibility to work with the instructor regarding incomplete assignments.

When I'm done with the program, will I receive licensure from VCU?

The VCU COVE program leads to full professional collegiate licensure for individuals completing the entire sequence of courses. Courses taken outside of the COVE program must be verified by the COVE office before the "College Verification Form" is submitted to the Human Resource Director of your school district. Your HR Department will assist you in obtaining your license and endorsement.

I would like to complete my Masters degree. Will the VCU COVE classes transfer?

All coursework for the Master's degree must be completed within five years of the beginning of the first course taken. To find out more about VCU's Masters program, please contact Dr. Beth Bader at babader@vcu.edu.

I know what classes are being offered through the VCU COVE Program but I need more information about each class in the program.

Updated course descriptions are available in the VCU Graduate Bulletin. <http://www.pubapps.vcu.edu/bulletins/>

Can I pay for the cost of the entire program?

Please pay per semester. Each semester you will need to register and pay for classes. Your cost for each course in the 2009-2010 Academic Year will be \$325 for each 3 credit course & \$150 for each 2 credit course. Once you are registered, you will be billed by the VCU Office of Student Accounting.

NOTE: COVE funds will not be applied to student accounts until after the start of courses. If you receive an incorrect bill, only pay the COVE rate noted above. Bills will be adjusted once the COVE funds are applied. You will not receive a new bill once the funding is adjusted. Please rely on [eServices](#) to view your student information including your current bill.

Are you only accepting teachers who are employed in Superintendent's Regions 1 and 8?

Yes. At this point in time we are targeting those teachers in regions 1 & 8 due to our limited funding.

What is the difference between drop and withdrawal, and what are the COVE deadlines for each?

- **Drop** - A student may drop a class (**excluding short courses**) only during the first week of the fall or spring term. Charges are removed, and the student's transcript does not list the class.
- **Withdraw** - When a student withdraws from a class (**excluding short courses**) within the first four weeks of the fall or spring term, the transcript lists the class with a mark of "W" and charges are assessed and adjusted according to the University Refund Policy. The student also may withdraw from a class between the end of Week 4 and the end of Week 10 with a mark of "W" but no refund of tuition.

The deadline to drop a course with a refund is the end of the first week of classes. The deadline to withdraw from a course with a "W" on your transcript and no refund is half way through the course. All drop/withdrawal requests must be made in writing to SOE Associates (email drop/withdrawal requests are acceptable when sent to soea@vcu.edu). This information is posted on the registration page on this website.

*****Note: COVE courses are considered short courses.**

I'm having technical/Blackboard problems in the class. What should I do?
